

Instructions for assignment

In this assignment, you will be practicing the HTML that we learned in lecture.

Instructions for assignment

Make a profile page using HTML. You can create your own profile page or any of your favourite movie character, superhero, anime, cartoon character, poet, writer, etc.

You are supposed to use all the levels of headings in your page. Use the paragraph tags for adding descriptions. Use all the other tags and special characters which we have learned in the class and make this profile page awesome.

Reference:

Just for your reference you can see the assignment1.pdf file, which is very basic page for your reference.
